

## Travis County Water Control & Improvement District NO. 10

# Emergency Mandatory Water-Use Restrictions

The following emergency mandatory water-use restrictions remain in place until further notice. These restrictions are necessary to ensure that adequate water supply is available to meet customer needs while the system returns to normal operations.

Restrictions remaining in place include:

1. No outdoor irrigation
2. No adding water to pools or spas
3. No operation of ornamental fountains
4. No at-home pressure washing, vehicle or surface washing

Effective Monday, October 29, 2018 at 10 a.m., the following commercial uses of outdoor water will be allowed:

1. Wash vehicles at a commercial car wash compliant with City Code 6-4-10 (B)
2. Operate irrigation systems for the purpose of testing or repair by a licensed irrigation professional, and
3. Conduct pressure washing using commercial equipment in compliance with City Code 6-4-11
