DISTRICT NEW METER PURCHASE PRICE

METER SIZE	METER PRICE	SERVICE DEPOSIT
5/8"	\$750.00	\$150.00
3/4"	\$1,125.00	\$150.00
1"	\$1,875.00	\$200.00
1 1/2"	\$3,750.00	\$250.00
2"	\$4,250.00	\$300.00
3"	\$5,250.00	\$350.00

***** ALL BUSINESS METERS REQUIRE A \$300 DEPOSIT *****

The meter purchase price is the cost for a normal, **“drop in”** meter, as the District defines that term. If the connection requires a **“wet tap,”** then the customer must deposit an additional \$7,000 from which the District will deduct all costs (e.g., labor, material, paving, and street cut permits as required). If the District must **“raise/upgrade”** the service, then the customer will deposit an additional \$750 from which the labor and material will be deducted, and the rest refunded as with the **“wet tap”** deposit. The Board issues refunds approximately 60 days after job completion. A customer requesting a Fire Hydrant Meter shall deposit \$750.00 deposit plus pay an additional \$75 monthly meter usage fee, plus the cost of water. The customer must pay the first month in advance.

Commercial & Subdivisions

Applicants must submit a Fixture Unit Analysis, sealed by a Registered Professional Engineer, containing information for domestic use and fire flow demand to the District for modeling on our system. Applicants must deposit a \$2,000 review fee deposit at the time of submittal.
