An approved water tap inspection starts the billing. Applicants will continue to be billed until the District receives a copy of the Customer Service Inspection Certificate and the approved Final Yard Line Inspection. Once the District has both documents, water service may be transferable to the home owner.

NOTICE: Applicants within the City of West Lake Hills – Sewer service is NOT provided by Water District 10. It is the APPLICANT'S RESPONSIBILITY to contact the City to make arrangements to receive sewer service, if applicable, to your property.
